Answers

1. Where will I find the purchase code?

Ans :

- Log into your **Envato Market account**.
- Hover the mouse over your username at the top of the screen.
- Click '**Downloads**' from the drop-down menu.'
- Click '**License certificate & purchase code**' (available as PDF or text file).

2. How What is Server Requirements?

Ans:

Server Requirements:

- PHP Version 8.0+
- MySQL 5.6
- mod_rewrite Apache
- OpenSSL PHP Extension
- PDO PHP Extension
- FileInfo PHP Extension
- GD PHP Extension
- Intl PHP Extension
- Mbstring PHP Extension
- MySQLi PHP Extension
- Tokenizer PHP Extension
- PDOMySQL PHP Extension
- JSON PHP Extension
- cURL PHP Extension
- ZipArchive PHP Extension

Note: In most servers, these extensions are enabled by default, but you should check.

3. How to install and activate the script?

Ans :

Installation Process :

- Extract the downloaded .zip file from CodeCanyon on your PC.
- Upload the Install.zip file to your server "**public_html**" or any other directory you intend to run the script.
- **Extract** the zip file in that directory.
- Create a new database from your server "**MySQL database**".
- Create a **DB user** to the database and link that database to the **DB**.
- First, hit your site URL and it will automatically take you to the installation.
- Click on the "**Let's Go**" button.
- You will get the "**Check Requirements & Folders Permissions**" page. If everything is ok then click on "**Go to next step**" button.
- Then come the "**License Code**" page. Then provide your CodeCanyon purchase code. **If, you give the wrong code then the site will not run.** Then Click on the "**Continue**" button.
- Now you need to set **Database Host, Database Name, Database Username, Database Password**, and click "**Continue**".
- Now, fill up the information of the Admin Credentials and click "**Continue**" button.
- Click on "**Login to Admin Panel**" and fill up the login credentials . Then the admin dashboard will open. Now, Start Your Blogging.

4. How to download the latest version?

Ans :

- Login to your **CodeCanyon account**.
- Hover over your username from the top right corner and click '**Downloads**' from the drop-down menu.
- The downloads section displays a list of all the items purchased using your account.
